HOUNDSTOOTH PRINTS

CANTON  
SWIMSUIT

*Our Houndstooth ready design was born out of necessity. We had some beautiful, but unused fabrics that we wanted to upcycle.*

*We fell in love with a houndstooth jacquard and decided to design around it to create some retro swim styles with fuller coverage bottoms and our signature bra top. The vibrant magenta color-blocking is adorned with lilac and watermelon details.*

*These swimsuits provide sun protection while still being effortlessly chic.*

*Our Monstera print ready design  
was created with nature lovers in mind.*

*We took inspiration from the monstera plant, with its  
abundant, asymmetrical leaves.*

*We also added pinstripes and color-blocking to give the  
collection a modern edge.*

*The ivory and umber coloration with horn chain hardware  
exudes opulence, making them ideal for sun filled days  
at the resort.*

ISLAND PRINT

*Our Island prints ready design takes inspiration from a dreamy tropical paradise on a remote island. Pristine white sand beaches stretching as far as the eye can see, clear turquoise waters and palm tree lined paths provide the perfect backdrop for a tranquil summer getaway.*

*Our retro floral print is a fun pop of color, while the textured saffron fabric adds a touch of luxury. 100% cotton crochet swimwear is pinnacle island-life attire, and perfect for day to night style.*

*Our Natural beauty of the sky and sea ready designs  
are captured in our Venice collection.*

*Pale pinks, blues and greys in the morning sky turn  
into wispy cotton candy swirls at sunset creating a  
golden filter over everything the sun touches.*

*The irridescent reflection of the calm sea is  
illuminated on our Venice print.*

*This collection features delicate flounce ruffles,  
gold hardware and elevated classic silouettes.*

*It'll be the first thing you throw on for early morning  
strolls and the last thing you dance in under the night  
sky.*
